# Francisco Lopez-Morelos

Long Beach, CA | 562-481-4718 | franciscolopezmorelos@gmail.com | linkedin.com/in/francisco-lopez-morelos

## PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in enterprise web administration, frontend development, and digital accessibility compliance. Skilled in managing EPiServer CMS content, coding responsive layouts, and optimizing C# Razor templates using HTML, CSS, JavaScript, and SilkTide. Proven ability to collaborate with cross-functional teams, resolving complex layout and compliance issues, and delivering user-friendly web solutions. Passionate about solving digital challenges, improving user experience, and driving workforce productivity.

## EDUCATION

**California State University of Long Beach** May 2025
***Bachelor of Science, Computer Science***

## PROFESSIONAL EXPERIENCE

**Technology and Innovation Department, City of Long Beach** January 2026-August 2026
***Web Admin Intern*** Long Beach, CA

- Collaborated in leading 10+ training and office hours, onboarding city employees on CMS workflows and accessibility compliance best practices.
- Delivered frontend remediation to meet strict WCAG 2.1/ADA compliance standards by Department of Justice (DOJ).
- Worked on global scripts and webpage fixes (HTML/CSS/JS) to correct layout inconsistencies, legacy SEO issues, and broken block components across 50+ pages.
- Optimized reusable Block templates utilizing C# Razor Views, addressing high priority compliance issues.
- Leveraged the SilkTide accessibility platform to review, track, and remediate accessibility barriers, improving the city's overall website accessibility score by over 40%.
- Worked on internal documentation highlighting the importance of ADA Compliance and CMS best practices.
- Provided one-on-one technical support to city employees, resolving compliance and webpage issues and providing CMS best practice guidance.

**LBWIN Youth Career Services Center** July 2024-December 2025
***Administrative Assistant*** Long Beach, CA

- Developed strong problem-solving skills and the ability to thrive in a fast-paced, dynamic work environment. Fostered a positive workplace culture by resolving issues effectively while also making daily tasks more productive.
- Provide general administrative assistant duties including filing, email delivery, and providing phone customer service.
- Supported youth by helping create 50+ resumes providing one-on-one guidance on effective resume strategies for stronger job market entry.
- Developed and coordinated graphic content to assist the team in achieving project goals and visual communication.

## PROJECTS

**Personal Portfolio** *Technologies Used:* React, CSS, TypeScript - My personal website is used to store my projects and show my personal achievements.

**EventMate** *Technologies Used:* Flutter, WebAPI - Collaborative mobile app in a year long project consisting of designing, planning, and executing the group ideas. As the front-end developer for the team my tasks were to create the UI/UX and connect to the Web API that hosts our data.
